Budget Message

September 30, 2024

Dear Mayor Engerman, Members of the City Council, and citizens of the City of Castle Pines,

It is my privilege to present the proposed budget for fiscal year 2025. This budget reflects our ongoing commitment to achieving the vision and strategic goals outlined in the 2024-2025 Strategic Plan, positioning our City for continued success and resilience.

The City's Home Rule Charter requires the City Manager to submit a proposed budget to the City Council by September 30 for the upcoming year. Leading up to this submittal, preparation of the 2025 budget started in early 2024, beginning with the City Council retreat in March. On August 6, staff and the City Council met again to review the budget's alignment with the strategic plan. A study session to discuss the proposed budget is scheduled for October 22, and a Public Hearing and adoption on December 3.

2025 STRATEGIC PLAN ALIGNMENT

The 2025 budget has been carefully developed to align with our City's strategic priorities as outlined in the Council's Strategic Plan. The budget reflects a deep commitment to the key focus areas established by the Council, ensuring that our financial resources are dedicated to enhancing the quality of life for all Castle Pines residents.

Our 2025 Strategic Plan outlines four Key Focus Areas that will guide the City's activities:

- Safe and Sustainable Infrastructure
- A Sense of Place
- Vibrant and Healthy Economic Development
- Great Government

SAFE AND SUSTAINABLE INFRASTRUCTURE

Ensuring our City's infrastructure remains safe, reliable, and sustainable is a top priority in this budget. Critical investments have been made in our roads, parks, and transportation networks. The 2025 budget appropriates funding for continued roadway infrastructure improvements, including Buckets 1 & 2 roads, Monarch Blvd. from Glen Oaks Ave. to Winter Berry Pl., the Happy

Canyon Interchange project, and ongoing traffic signal and pedestrian safety, improvements, all of which are critical for improving connectivity and safety.

A SENSE OF PLACE

Building a cohesive community identity remains essential. The 2025 budget supports projects that will foster a stronger sense of belonging in Castle Pines, including expanding community events and initiating the Gateway Project, which aims to create distinct and welcoming entrances to our City. We will also continue to invest in park development, reinforcing our commitment to outdoor recreation and neighborhood identity.

Additionally, creating a Parks and Recreation Director position will further enhance the management of these spaces, ensuring that our parks and recreation services will continue to strengthen the community's Sense of Place. This position will elevate the leadership of this critical area and foster a more profound connection for residents through well-maintained and thoughtfully developed outdoor spaces.

VIBRANT AND HEALTHY ECONOMIC DEVELOPMENT

To ensure Castle Pines thrives economically, we continue to focus on attracting and retaining high-quality businesses. The 2025 budget supports collaborations with the Chamber of Commerce, economic outreach initiatives, and the Castle Pines Urban Renewal Authority. By investing in these partnerships, we seek to stimulate local commerce and ensure a vibrant business community.

GREAT GOVERNMENT

Maintaining an efficient and high-performing City government is critical to delivering the best services to our residents. The 2025 budget reflects our dedication to fiscal stewardship by maintaining a 25% General Fund reserve, consistent with our policy of ensuring long-term financial stability. With two new operational funds, the Roads Fund and the Parks and Recreation Fund, each with its own restricted revenue, this budget proposes an amendment to the City's reserve policy requiring a 25% operational reserve for those funds.

Another critical component in the 2025 budget is the inclusion of a part-time Communications Specialist. This role will improve the City's ability to communicate effectively with residents and ensure timely, transparent, and engaging public relations. By enhancing our outreach efforts, the Communications Specialist will support Great Government by promoting City events, maintaining a consistent communications strategy, and fostering stronger community connections.

Finally, a core component of our City's success is the dedication and excellence of its employees. As part of our commitment to fostering a high-performing and motivated workforce, the 2025 budget includes a 3.5% compensation increase for City employees. This investment aligns with our goal of attracting and retaining top-tier talent to provide exceptional services to the community. Additionally, we have allocated funds to cover a 13.5% increase in health insurance costs, ensuring that our employees are supported in maintaining their well-being.

POLICY QUESTIONS

Several key policy questions have emerged as part of the 2025 proposed budget that requires the City Council's guidance. These questions are highlighted here to introduce critical decisions that will influence the allocation of resources and strategic direction for the coming year.

1. Does the City Council support increasing staff's compensation to a level commensurate with the identified labor market, including performance-based pay increases of up to 3.5%?
2. Does the City Council support a new full-time Parks and Recreation Director position?
3. Does the City Council support a new part-time Communications Specialist position?
4. Does the City Council support amending the existing reserve policy of the General Fund to include the Parks and Recreation Fund and the Roads Fund?
5. Does the City Council support capital improvements to City parks?
6. Does the City Council support road improvements, including the Pavement Maintenance Program (Buckets 1 & 2), Happy Canyon Interchange, and Monarch Blvd from Glen Oaks Ave. to Winter Berry Place?
7. Does the City Council support furthering the City's Gateway and Wayfinding plan by installing monumentation near the Lagae roundabout?

FINANCIAL OVERVIEW

The General Fund, as the City's primary operating fund, serves as the financial foundation for services such as public safety, community development, economic development, communications, community events, and administrative functions, including the City Manager's Office, City Clerk's Office, Finance, Human Resources, Information Technology, and Legal Services. This budget ensures continued support for critical infrastructure through its transfer to the Capital Improvements Fund.

KEY HIGHLIGHTS

General Fund

- The proposed 2025 budget projects an ending fund balance of \$1.9 million, which maintains the City's fund balance reserve requirement of 25%, ensuring that the City remains financially resilient.
- Revenues are projected to increase slightly to \$14.4 million in 2025, up from the 2024 year-end projection of \$14.1 million. This growth is driven primarily by increased tax revenues, expected to rise from \$10.0 million in 2024 to \$11.0 million in 2025, reflecting assumptions around growth and inflation. Charges for services are expected to decrease

to \$2.0 million in 2025 from the year-end projection of \$2.25 million but remain higher than the original 2024 budget of \$1.6 million. These two categories will continue to make up most of the City's General Fund revenues at 91%.

- Expenditures are projected to rise to \$7.6 million in 2025, representing a 7% increase over the 2024 year-end projection of \$7.1 million. This increase reflects investments in staff, including a 3.5% compensation adjustment for City employees and a 13.5% increase in health insurance premiums. The General Fund budget also includes a new part-time Communications Specialist position to support the community's growing needs.
- The 2025 budget supports capital improvements through a \$6.6 million transfer to the Capital Improvements Fund, dedicated to improving infrastructure and public assets.

Parks and Recreation Fund

- In 2023, voters approved a 12-mill property tax dedicated to the Parks and Recreation Fund, providing a stable annual funding source of over \$4.5 million to maintain and expand the City's parks, trails, and recreational facilities. The 2025 budget estimates \$4.75 million in property tax revenue from the 12 mills City-wide.
- The proposed budget reflects a 215% increase over the 2024 year-end projection, driven by new parks and open space areas of responsibility, significant capital improvement projects, and ALL park staff salaries and benefits previously allocated to the Parks and Recreation North Fund. Annual operational costs are expected to continue to rise as the City takes over more parks, open space, and trails on the east side of town.
- The 2025 budget proposes creating a Parks and Recreation Director position to lead the department's long-term planning, development, and compliance efforts.
- Park capital projects total \$2,378,600 in improvements. A total of \$5.7 million is included in the 2025 proposed budget from within this fund and the Parks and Recreation North Fund. Staff also support building up the fund balance to meet future capital construction needs.
- Staff is proposing to amend the City's reserve policy (25% operational reserve) to include the Parks and Recreation Fund now that it has its own revenue source. Currently, the reserve policy applies only to the General Fund because, until 2024, the Parks and Recreation Fund did not have a dedicated funding source and relied on the General Fund's investment.

Parks and Recreation North Fund

- The Parks and Recreation North Fund is a temporary fund that accounts for funds transferred to the City from the Castle Pines North Metro District. Those funds are projected to be fully utilized by the end of 2025.

- In addition to maintaining parks and open space in the CPNMD area, the Parks and Recreation North Fund will allocate its remaining resources of \$3,321,400 toward park capital improvements. A total of \$5.7 million is included in the 2025 proposed budget from within this fund and the Parks and Recreation Fund.

Roads Fund

- Voters approved a 1% sales and use tax in 2023, which provides the Roads Fund with a dedicated/restricted annual revenue stream of over \$3.0 million for road maintenance, operations, and capital improvements. The 2025 budget estimates \$3.3 million in revenue from the new sales and use tax.
- The proposed budget reflects a 27% increase over the 2024 year-end projection, primarily due to the expansion of road maintenance services as the number of miles the City maintains grows.
- Staff is proposing to amend the City's reserve policy (25% operational reserve) to include the new Roads Fund. Now that Public Works street maintenance and operations are tracked in this fund (previously in the General Fund), extending the reserve policy to this operational fund is prudent.

Stormwater Utility Fund

- The Stormwater Utility Fund continues to support the administration, maintenance, and improvements of the City's stormwater system, funded entirely through user fees.
- The 2025 budget includes capital projects to enhance the stormwater infrastructure, better manage runoff, reduce flooding risks, and ensure compliance with regulatory requirements.

Capital Improvements Fund

- The Capital Improvements Fund will continue to finance large infrastructure projects, primarily related to roads, funded by transfers from the General Fund and Roads Fund. The proposed budget for road-related improvements is \$8.6 million and \$750,000 for gateway monumentation.

City Staff

In the City of Castle Pines, the incredible achievements outlined in this budget have been made possible by the dedication and hard work of our small but highly capable staff of only 15.75 full-time equivalent (FTE) employees (2025 proposed 17.25 FTE). Despite the challenges of limited resources, our team consistently delivers exceptional service across all City functions, from community development to parks and recreation and infrastructure maintenance.

Each member of our staff plays a critical role in ensuring the success of the City’s operations, often going above and beyond to meet the growing demands of our community. The ability to accomplish so much with such a lean team speaks volumes about their talent, commitment, and efficiency. This year’s budget highlights their work and showcases our ongoing commitment to investing in these professionals, who are the backbone of our City’s continued growth and success.

The chart below breaks down our team’s FTE count across various departments, illustrating the breadth of responsibilities our small but dedicated workforce manages. Every FTE represents an essential contribution towards making Castle Pines a vibrant, well-served, and resilient community.

*requested in the 2025 proposed budget

As the chart demonstrates, the City has experienced measured and strategic growth in full-time equivalent (FTE) positions in five years, increasing from 10.5 FTEs in 2021 to a proposed 17.25 FTEs in 2025 providing full City services to a community of over 16,500. While this represents significant growth, it is essential to highlight that our approach to adding positions remains careful and deliberate. Each role has been introduced thoughtfully to meet the expanding needs

of our City as it grows, ensuring that we continue to provide high-quality services to our residents without unnecessary staffing increases.

Even with this growth, Castle Pines operates with a lean team compared to similar-sized municipalities. We only add positions when necessary to support essential services, enhance operational efficiency, or expand critical functions, such as parks and recreation or communications. This careful planning allows the City to maintain fiscal responsibility while ensuring we have the right resources to serve our growing community effectively.

CASTLE PINES URBAN RENEWAL AUTHORITY BUDGET

A separate budget will be drafted for the newly formed Castle Pines Urban Renewal Authority (URA), which will be submitted for approval by the URA Board. CPURA-related costs before 2025 were expended from the City's budget in support of the URA's initial formation and operational needs. The URA will begin receiving tax increment revenues in 2025, with an estimated amount of only \$10,500. The City will continue to advance its funds to the URA until it becomes financially self-sufficient through its own revenue generation.

CONCLUSION

The proposed 2025 budget reflects Castle Pines' continued commitment to delivering excellent municipal services while maintaining a solid financial position. It supports the City's mission to provide outstanding services through operational excellence and innovation while responsibly managing resources to ensure a prosperous future.

I look forward to working with the City Council and our residents as we move forward with this budget and continue to build a robust and sustainable future for Castle Pines.

Best Regards,

Michael Penny, City Manager

POLICY QUESTIONS

1. DOES THE CITY COUNCIL SUPPORT INCREASING STAFF’S COMPENSATION TO A LEVEL COMMENSURATE WITH THE IDENTIFIED LABOR MARKET, INCLUDING PERFORMANCE-BASED PAY INCREASES OF UP TO 3.5%?

\$59,300 salary plus \$10,000 for employment taxes and retirement - various funds

Survey results show that entities, on average, throughout Colorado are proposing a 3.5% increase for 2024.

The City Council supported the proposed compensation philosophy and the recommended results of the salary study, enhancing the City’s ability to recruit and retain high-quality employees in service of the City’s Strategic Plan’s focus areas and goals in 2023. Generally, the compensation philosophy states that the City will “meet the market” and keep our salary ranges and employees' compensation competitive. To do so, employee compensation will be evaluated annually, with a comprehensive market evaluation occurring every three to five years.

Strategic Plan Key Focus Area Supported: Great Government

2. DOES THE CITY COUNCIL SUPPORT A NEW FULL-TIME PARKS AND RECREATION DIRECTOR POSITION?

\$158,400 salary plus \$67,700 for employment taxes, health insurance, and retirement benefits – Parks and Recreation Fund

Creating a Parks and Recreation Director position is essential to address the growing demands on the City’s recreational resources and provide dedicated leadership for planning, development, and maintenance. Currently, parks, recreation, and open space management fall under the Public Works Department, where two positions are dedicated to park maintenance and operations. As the number of parks, trails, and open spaces expands, this staffing structure is no longer sufficient to effectively meet the community's needs, particularly in leadership, creation, and visioning.

With this position, the City will gain focused leadership to ensure compliance with local, state, and federal regulations while driving long-term planning efforts. This position will enable a more specialized and strategic approach to managing recreational resources, allowing for improved service delivery and the development of new facilities to enhance the City’s sense of place.

Strategic Plan Key Focus Areas Supported: Great Government, A Sense of Place

3. DOES THE CITY COUNCIL SUPPORT A NEW PART-TIME COMMUNICATIONS SPECIALIST POSITION?

\$35,900 salary plus \$11,500 for employment taxes and retirement benefits – General Fund.

The request for a part-time (0.5 FTE) Communications Specialist position is driven by the growing need to enhance the City's communication efforts, both internally and externally. Currently, the Communications Department manages various responsibilities, including media relations, public information dissemination, community outreach, and event promotion. However, the increasing demands on the department, especially with the expansion of community events and digital communication, have made it clear that additional staff is necessary to maintain service quality.

By adding a part-time Communications Specialist, the City will improve its capacity to manage communications efficiently, ensuring timely and consistent information distribution to residents, businesses, and other stakeholders. This position will also help support the City's growing digital and social media presence, further enhancing community engagement. As the City grows, this role will strengthen transparency, promote critical initiatives, and inform the public about City projects and events.

Strategic Plan Key Focus Areas Supported: Great Government, A Sense of Place

4. DOES THE CITY COUNCIL SUPPORT AMENDING THE EXISTING RESERVE POLICY OF THE GENERAL FUND TO INCLUDE THE PARKS AND RECREATION FUND AND THE ROADS FUND?

We recommend extending the City's current 25% reserve policy to the Parks and Recreation Fund and the Roads Fund. Currently, this policy only applies to the General Fund. This extension is prudent given the significant operational shifts following the establishment of dedicated funding sources for parks, recreation, and roads, which were approved by City voters in 2023.

The Parks and Recreation Fund, now supported by a 12-mill property tax, and the Roads Fund, funded by a 1% sales and use tax, can sustain their respective operations independently. Applying the 25% reserve policy to these funds will ensure they maintain the same level of financial stability as the General Fund, enabling them to weather unforeseen circumstances and fluctuations in revenue without jeopardizing core services.

The reserve policy helps protect against revenue shortfalls, unexpected capital needs, or emergencies, ensuring that the City can continue to invest in critical infrastructure and recreational amenities. By formalizing this reserve requirement, the City can promote responsible fiscal management across all significant operational funds, providing long-term security and flexibility while meeting voter expectations for sustainable parks and road services.

Strategic Plan Key Focus Area Supported: Great Government

5. DOES THE CITY COUNCIL SUPPORT PARK CAPITAL IMPROVEMENTS TOTALING \$5.7 MILLION?

\$2,378,600 - Parks and Recreation

\$3,321,400 - Parks and Recreation North Fund

The Parks and Recreation Advisory Board will review and recommend capital improvements to the City Council for their approval.

Strategic Plan Key Focus Areas Supported: Safe and Sustainable Infrastructure, A Sense of Place

Council-Adopted Supporting Policies: Strategic Plan, Comprehensive Plan, Parks and Recreation Comprehensive Plan, Economic Action Plan

6. DOES THE CITY COUNCIL SUPPORT THE FOLLOWING ROAD IMPROVEMENTS?

a. Pavement Maintenance Program (Buckets 1 & 2)

\$2,145,500 - Capital Improvements Fund

Each year, the City begins a neighborhood street refresh that helps extend the life of roadway infrastructure throughout Castle Pines. This effort, known as the Pavement Maintenance Program, is a strategic, proactive approach to extending the lifespan of roadways while minimizing the cost of maintaining road surfaces. The City uses software and consulting engineers to determine locations annually for repair with its given budget. Each year, different areas of the City alternate for proposed repair, but all locations with dangerous conditions are taken very seriously and will be addressed. Structural integrity is analyzed for longevity and cost-effectiveness, but safety concerns are prioritized.

b. Happy Canyon Interchange

\$1,769,200 - Capital Improvements Fund

These funds continue the engineering and design for the new Happy Canyon Interchange. These funds are necessary to keep the City project on track for a 2026/2027 construction timeline.

c. Monarch Blvd from Glen Oaks Ave. to Winter Berry Place

\$4,500,000 - Capital Improvements Fund

This stretch of Monarch is the remaining part of Monarch Blvd., north of Castle Pines Parkway, requiring reconstruction and repair. As with other sections of Monarch Blvd.,

this project will include water line replacement and will be a joint project with the CPNMD.

Staff is evaluating the potential for a roundabout at the intersection of Monarch Blvd. and Buffalo Trail that may substantially improve safety in Buffalo Trail and Hidden Point. The 2025 budget proposal does not include funding, as the engineering analysis has not been completed. However, we want to inform the City Council that there may be an additional appropriation request and discussion of the timeline of the Roads Solution Plan.

Strategic Plan Key Focus Areas Supported: Safe and Sustainable Infrastructure, A Sense of Place

Council-Adopted Supporting Policies: Strategic Plan, Comprehensive Plan, Master Transportation Plan, Roads Solution Plan, Multi-modal Enhancement Plan

7. DOES THE CITY COUNCIL SUPPORT FURTHERING THE CITY'S GATEWAY AND WAYFINDING PLAN BY INSTALLING MONUMENTATION NEAR THE LAGAE ROUNDABOUT?

\$750,000 - Capital Improvements Fund

The City Council has stated the need for a gateway feature near the Lagae roundabout. This proposed amount is a placeholder for staff to implement this Council goal once a location and design have been approved.

Strategic Plan Key Focus Area Supported: A Sense of Place

Council-Adopted Supporting Policy: Gateway and Wayfinding Plan

GENERAL FUND

FUND BALANCE

The General Fund is the City’s primary operating fund. It accounts for services provided to the community: public safety, community development, economic development, community events, and communication. The General Fund also accounts for administrative and support services: city manager, city clerk, finance, human resources, legal, and information technology. The City also provides streets, parks, recreation, and stormwater utility services, which are accounted for in their respective funds. The General Fund may also support streets, parks, and other capital improvements via transfers to the various funds.

The table below summarizes the General Fund’s change in fund balance for the 2025 Proposed Budget. It compares it to the 2023 year-end projection and audited actual amount and the 2024 adopted budget and year-end projection. The fund balance reserve percentage demonstrates compliance with the City’s fund balance reserve policy, which requires the fund balance to be at least 25% of operating expenditures.

When developing the following year's budget, it is essential to consider the two most recent years. Their outcomes set the stage for the new year’s budget. Among other things, the year-end projected fund balance becomes the following year’s beginning fund balance. The year-end projections for revenues and expenditures are also used to determine the following year’s revenue and expenditures.

	2023 Year-end Projection	2023 Audited Actual	2024 Adopted Budget	2024 Year-end Projection	2025 Proposed Budget
GENERAL FUND					
Beginning Fund Balance	\$ 3,358,976	\$ 3,358,976	\$ 2,697,576	\$ 1,451,200	\$ 1,763,000
Revenue	14,906,200	14,824,014	14,028,800	14,106,000	14,407,400
Total Funds Available	18,265,176	18,182,990	16,726,376	15,557,200	16,170,400
Expenditures	(8,134,100)	(8,518,788)	(7,113,200)	(7,113,200)	(7,620,700)
Transfer to Parks and Recreation Fund	(708,500)	(704,997)	-	-	-
Transfer to Grant and Restricted Revenue Func	-	-	-	(1,000)	(26,600)
Transfer to Conservation Trust Fund	-	(33,046)	-	-	-
Transfer to Capital Improvements Fund	(6,725,000)	(7,475,000)	(7,760,000)	(6,680,000)	(6,640,000)
Ending Fund Balance	\$ 2,697,576	\$ 1,451,159	\$ 1,853,176	\$ 1,763,000	\$ 1,883,100
Fund Balance Reserve %	32%	16%	26%	25%	25%

The following analysis highlights key factors affecting the changes in fund balance. Following this analysis, revenues and expenditures will be discussed in more detail.

2023 YEP and 2023 Audited Actual

The 2023 year-end projection (YEP) estimated an ending fund balance of \$2.7 million, which significantly exceeds the audited actual balance of \$1.45 million. The projected ending fund balance suggested that the City is expected to maintain a strong reserve position with a fund balance reserve ratio of 32%, well above the City's policy requirement of 25%. However, the actual ending fund balance of \$1.45 million resulted in a much lower reserve ratio of 16%, below the policy threshold. This variance highlights a slightly overestimated revenue and a greater-than-expected drawdown (expenditures and transfers) of the fund balance by year's end. The table above shows that the fund balance reserve % is restored per the City's reserve policy.

2024 Budget and 2024 YEP

Although the 2024 budget was developed using an estimated beginning fund balance of \$2.7 million, the actual beginning fund balance was restated to 2023's actual ending balance of \$1.45 million. The revenue and expenditure sections below will discuss measures taken (primarily a reduction in the amount transferred to the Capital Improvements Fund) to bring the projected ending fund balance back to the policy amount of 25%.

The 2024 ending fund balance projected at year-end (\$1.76 million) is slightly lower than the budgeted amount (\$1.85 million); however, it remains at the reserve requirement.

2025 Budget and 2024 Budget & YEP

The 2025 proposed budget projects an ending fund balance of \$1.88 million, an increase above the 2024 budget and YEP projections. The fund balance reserve for 2025 is expected to remain at 25%, consistent with the City's reserve policy. This stability demonstrates the City's intention to maintain a healthy balance between operational expenditures, capital transfers, and sufficient reserves.

2023 YEP and 2023 Audited Actual

In 2023, the year-end revenue projection was close to the actual amount, although it varied widely within some sources. Charges for services revenue significantly improved over the year-end forecast. While actual tax and franchise fee revenues ended slightly lower than their projections, the most significant downward variance is in other revenues explained as follows.

The 2023 year-end projection for Other Revenue included \$500k in school mitigation funds. These funds, collected from development, were held in a holding account until they were budgeted to be spent, which in 2023 were budgeted for a sidewalk capital improvement. Although the 2023 budget included transferring these funds from the General Fund to the Capital Improvements Fund (expenditure-side), they were not recognized as revenue. The \$801k in Other Revenue in the 2024 year-end projection includes the \$500k school mitigation funds as revenue.

2024 Budget and YEP

First, to get an accurate starting point for 2025, 2024 revenue is closely analyzed, and new projections (budget vs. YEP) are made based on results for the year's first 6 to 7 months.

The year-end projection anticipates a total revenue of \$14.1 million, slightly higher than the adopted budget of \$14.0 million. Charges for Services revenue is the primary contributor to the overall increase. Unless otherwise noted, variances among the revenue sources may have occurred because the factors used to estimate the 2024 budget, such as 2023 year-end projections and population growth and inflation assumptions, may have differed from actual outcomes.

Taxes: The year-end projection estimates tax revenue at \$10.0 million, lower than the adopted budget figure of nearly \$11.0 million. Construction Use Tax revenue from new home construction is the primary reason for the reduced estimate. The Motor Vehicle Use Tax revenue projection is also lower than initially budgeted.

Charges for Services: The year-end projection shows \$2.25 million in revenue from charges for services, considerably higher than the adopted budget of \$1.6 million. Based on the first seven months, building permit fee revenue was revised from \$1.4 million to \$2 million.

Other: As discussed earlier, school mitigation funds received from development will be recognized as revenue in the 2024 year-end projections.

2025 Budget

The 2025 proposed budget increases to \$14.41 million, up from the 2024 year-end projection of \$14.1 million.

Tax revenue is expected to increase from \$10.0 million in 2024 to \$11.0 million in 2025. This reflects assumptions about population growth and inflation and their impact on sales tax, motor vehicle tax, and construction materials use tax revenues. The recently approved HB24B-1001 does not affect 2025 property tax revenue projections.

Charges for Services revenues are expected to decrease to \$2.0 million from the 2024 year-end projection of \$2.25 million, but they are still higher than the 2024 budget.

Forecast assumptions used for revenues include a 3.8% increase in population and a 2.5% inflationary increase for those revenues affected by such factors.

EXPENDITURES

The 2023 total audited expenditures were \$8.52 million. 2024 year-end expenditures are estimated to end at the budgeted amount of \$7.11 million. The 2025 proposed budget is \$7.62 million, or 7% greater than the prior year projection.

Primary factors affecting the development of the 2025 budget include a proposed 3.5% compensation increase for staff, a 13.5% increase in health insurance (the first double-digit increase in at least five years), a new part-time communications specialist, and a 2.5% inflationary increase. The budget's Policy Questions include the proposed compensation increase and part-time Communications Specialist.

GENERAL FUND - ELECTED OFFICIALS

DESCRIPTION

Elected Officials include the City’s Mayor and Council Members who make policy decisions on various City issues, such as approving the annual City budget. They are given the authority to approve resolutions and enact and provide for the enforcement of ordinances, which are City laws. They also appoint the City Manager, who serves the Council and citizens and is responsible for City staff and day-to-day management. Castle Pines is governed by a mayor and six City Council members.

Total	160,727	216,200	228,900	241,700	6%

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 6% increase over year-end projections.
- Compensation increased in 2024 and continues into 2025, with all elected officials receiving the monthly stipend.
- The increase in Purchased services in 2024 reflects the consultant brought in to facilitate the Council retreat. The 2025 budget proposes using the same consultant for next year’s retreat.
- Contributions include Douglas County Housing Partnership (\$35,000), Douglas County Youth Initiative (\$25,000), and Douglas County Community Foundation (\$18,000). Other contributions include the Metro Mayors Caucus, the Douglas County Library Foundation, and the Regional Air Quality Council. The organizations contributed to are the same as those in prior years. The Douglas County Youth Initiative requested an increase in the City’s contribution from \$19,800 to \$25,000.

GENERAL FUND - CITY MANAGER

DESCRIPTION

The **City Manager's Office** is responsible for the general day-to-day oversight and management of the City of Castle Pines and for directing the development and implementation of the City's operating budget and the City Council's Strategic Plan. The City Manager provides recommendations to the Mayor and City Council, implements policy decisions made by the City Council, participates in City Council meetings, anticipates future needs of the City, and serves as the general representative of the City.

Total	311,419	326,300	313,400	327,800	5%

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 5% increase over year-end projections.
 - Salaries and benefits include the proposed 3.5% compensation increase and the 13.5% increase in health benefits.
- A portion of the salaries and benefits was reallocated to the new Roads Fund, which decreased the 2024 year-end projection.

STAFF

- City Manager (salary and benefits also allocated to Economic Development, Parks and Recreation Fund, Roads Fund, and Stormwater Utility Fund)
- Assistant to the City Manager (salary and benefits also allocated to Roads Fund)

GENERAL FUND - INTERDEPARTMENTAL

DESCRIPTION

The **Interdepartmental** cost center accounts for expenditures that support the functions of all City departments and cannot efficiently be classified into a specific department (for example, information technology support, office space, printing, central office supplies, postage).

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 3% decrease from year-end projections.
 - Contributions consist of the City's grants to homeowners' associations and other applicants for fire mitigation efforts. These funds were budgeted in a different fund and moved to the General Fund, deemed more appropriate for this expenditure. The proposed budget requests an increase to \$50,000 from \$30,000 for this successful program.
 - The 2025 budget for purchased services includes expenditures related to the following.
 - Information technology support
 - On-call grants
 - Geographic information systems
 - Zip-code change
 - Participation in the Community of Excellence program
 - Migration to Microsoft SharePoint
- 2024's budget included the following, differentiating it from 2025.
 - Community of Excellence survey
 - Development of the policy guide for disasters and emergencies
 - 3-D modeling visualization for capital construction projects.

GENERAL FUND - COMMUNICATIONS

DESCRIPTION

The **Communications Department** is responsible for all aspects of the City's communications and community events programs, including, but not limited to, media and public relations, marketing, internal and external communications, community outreach, and city-wide events.

Total	-	90,800	164,600	163,900	0%

HIGHLIGHTS

- This cost center was created in 2024 to better identify these costs. Human Resources and Risk Management expenditures were previously accounted for in the Finance/Human Resources and Interdepartmental departments.
- The City Clerk's department provides staffing.
- Overall, the 2025 proposed budget reflects a 0% increase over year-end projections.
 - The 2025 budget and the 2024 year-end projections include expenditures related to staff development focusing on organizational culture and leadership.
 - Other operating expenditures include the cost of insurance through CIRSA, which is increasing 9%.

GENERAL FUND - FINANCE

DESCRIPTION

The **Finance Department** is responsible for the City's financial activities, including the administration of sales and use tax, all accounting functions (payroll, accounts payable, accounts receivable, and financial reporting), preparation of the annual budget, and management of cash on hand (investments).

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 2% increase over year-end projections.
 - Salaries and benefits include a 3.5% compensation increase and a 13.5% increase in health benefits.
 - The decrease in purchased services reflects the reallocation of the annual audit cost to the Roads Fund and the Parks and Recreation Fund, which had previously only been allocated to the General Fund and Stormwater Utility Fund.

STAFF

- Finance Director (salary and benefits also allocated to Parks and Recreation Fund, Roads Fund, and Stormwater Utility Fund)

GENERAL FUND - CITY CLERK

DESCRIPTION

The **City Clerk's Office** works with the City Council, the City Manager, and all other City departments. It is responsible for preparing agenda packets, meeting minutes, liquor licensing, parks and recreation reservations, records management, legal notices, public records requests (CORA), election management, coordinating with the municipal court, and municipal code maintenance. The City Clerk also oversees the Human Resources and Risk Management function.

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 35% increase over year-end projections.
 - Salaries and benefits include a 3.5% compensation increase and a 13.5% increase in health benefits.
 - The increase in purchased services is due to 2025 being an election year. Also, a document scanning project was budgeted for 2024, most of which will now be completed in 2025.
 - Other operating expenditures are budgeted to increase because of improvements to the City’s meeting and agenda software, including the one-time upgrade and ongoing support costs.

STAFF

- City Clerk (salary and benefits also allocated to Parks and Recreation Fund, Roads Fund, and Stormwater Utility Fund)
- Deputy City Clerk (salary and benefits also allocated to Parks and Recreation Fund)

GENERAL FUND - MUNICIPAL COURT AND LAW ENFORCEMENT

DESCRIPTION

Municipal court services are contracted with the court clerk and municipal judge. The court is committed to administering justice expeditiously and timely with equality, fairness, and integrity.

Law enforcement services are contracted for with the Douglas County Sheriff. Services include reactive patrol to enforce laws and respond to calls for service, proactive patrol to prevent and deter criminal activity, traffic patrol to enforce City traffic codes, investigation of crimes, and other services provided to all County residents.

HIGHLIGHTS

MUNICIPAL COURT

- Overall, the 2025 proposed budget reflects a 41% increase over year-end projections.
 - The proposed increase is due to the contracted court clerk requesting an increase for expanded service capabilities, including managing calls and emails within regular business hours and the increasing complexity of court cases.

LAW ENFORCEMENT

- Overall, the 2025 proposed budget reflects a 3% increase over year-end projections.
 - Most of the budget is directly tied to the City's 4.5 property tax mill levy. Additional services include traffic enforcement, security, and animal control.

GENERAL FUND - COMMUNITY DEVELOPMENT

DESCRIPTION

The **Community Development Department** comprises building, code enforcement, planning, and zoning. The Building Division implements and enforces building codes and standards, examines construction plans, inspects building construction, and enforces International Building Codes. The Code Enforcement Division enforces the zoning ordinance. The Planning and Zoning Division administers and enforces zoning and subdivision ordinances and the Comprehensive Plan, reviews development applications, permits signage, and administers GIS mapping services.

Total	1,730,155	1,345,000	1,665,000	1,655,200	-1%

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 1% decrease from year-end projections.
 - Salaries and benefits include a 3.5% compensation increase and a 13.5% increase in health benefits. The 30% increase reflects projected vacancy and hiring savings due to the departure of the former Community Development Director.
 - The decrease in purchased services is due to a reduction in the estimate for building services activity. The City’s contractor, SAFEbuilt, provides building permit services, whose fees are set at 60% of the building permit fee revenue and 80% of contractor licensing.

STAFF

- Community Development Director
- Senior Planner

GENERAL FUND - ECONOMIC DEVELOPMENT

DESCRIPTION

The **Economic Development** division accounts for activities that foster job growth and enhance the City's economic landscape through business attraction, retention, and expansion. Key priorities include supporting existing businesses, attracting new businesses that create employment opportunities and generate revenue, promoting development along major transportation corridors, improving housing quality and availability, redeveloping underperforming areas, and making strategic investments in parks and open spaces to stimulate high-quality development and strengthen community connections.

 - Salaries and benefits include a 3.5% compensation increase and a 13.5% increase in health benefits. A portion of the City Manager’s salary and benefits are allocated to this cost center.
 - Purchased services will decrease due to the costs related to the Castle Pines Urban Renewal Authority being transferred to the newly created authority, which will have its own budget. In addition, the 2024 budget included funds to develop an economic incentive plan.
 - The use tax credit is directly proportional (50%) to the 2.75% construction use tax revenue collected within the Shea development for new home construction. This is an agreement with the developer.

STAFF

- Salary and benefits include a portion of the City Manager’s FTE

GENERAL FUND - COMMUNITY EVENTS

DESCRIPTION

The **Community Events Department** manages the City’s community events, which are held annually in the spring, summer, fall, and holidays to enhance the sense of our Castle Pines community and promote regional awareness and economic development.

 - Salaries and benefits include a 3.5% compensation increase (no health insurance benefit for PT position).
 - With the expansion and success of the City events program, 2024 expenditures are tracking to reach the same level as 2023, which is expected to continue into 2025.

STAFF

- Community Events and Recreation Programming Manager (0.75 FTE)

PARKS AND RECREATION FUND

DESCRIPTION

The **Parks and Recreation Fund** accounts for the revenues and expenditures necessary to maintain our parks and recreational amenities and to improve and acquire parks, recreation, trails, and open spaces for City parks, except for Coyote Ridge Park, which is accounted for in the Parks and Recreation North Fund.

Fund Balance Reserve %		237%	287%	169%

HIGHLIGHTS

- The fund balance is projected to grow to \$4.1 million by the end of 2025 due to the new voter-approved 12 mills property tax.
 - As we look to the future, the 2025 estimated ending fund balance is critical to supporting significant park capital improvements, including the expansion of Coyote Ridge Park and the construction of Soaring Hawk Park. The total cost of these projects is projected to exceed \$80 million, underscoring the necessity of maintaining a strong fund balance to address these long-term needs.
- Significant park maintenance expenditures in the CPNMD area are funded through the Parks and Recreation North Fund, with funds received from CPNMD, which are expected to be used entirely by the end of 2025. In 2026, expenditures will be funded with the 12 mills property tax accounted for in this fund.
- With the new dedicated property tax, park expenditures no longer need funding from the General Fund or the Conservation Trust Fund, as in prior years.
- Fund reserves are projected to be greater than 25%, which is the City’s policy for the General Fund.
 - To ensure the City’s financial stability and preparedness for unforeseen circumstances, the City’s reserve policy requires that the fund balance be at

least 25% of operating expenditures. Now that the Parks and Recreation Fund has its revenue source, it is prudent to maintain the same philosophy for this fund. Staff is proposing the same as a policy question for the Parks and Recreation Fund.

Total Revenue	406,600	349,429	4,589,800	5,058,000	5,242,300

HIGHLIGHTS

- The 2025 budget estimates the 12 mills' property tax revenue at \$5.1 million using the County Assessor's August preliminary assessed value certification.
- Property tax revenue is ahead of expectations, estimated at \$4.8 million, compared to the original estimate of \$4.4 million.
- Intergovernmental revenue in 2024 is a state grant awarded by the Colorado State Forest Service to assist with the city's fire mitigation efforts. A portion of the repair and maintenance expenditures (\$113,000) in the table below is the cost related to the grant.
- In 2023, charges for services included the estimated rental revenue from renting Coyote Ridge Park facilities, which were transferred from the CPNMD to the City. Actual revenue in 2023 was lower than the estimates, and the 2024 year-end projection and 2025 budget are decreased based on the 2023 actual amount and 2024 year-to-date revenue trends.

HIGHLIGHTS

- The Parks and Recreation Advisory Board reviewed the 2025 budget proposal at its September 19 meeting and recommended that the City Council approve it.
- Overall, the 2025 proposed budget reflects a 215% increase over year-end projections.
 - Salaries and benefits include a 3.5% compensation increase and a 13.5% increase in health insurance. All park staff salaries and benefits will be accounted for in this fund. Previously, salaries were allocated to the Parks and Recreation North Fund. The 2025 budget also includes a proposed Parks and Recreation Director position.
 - Purchased services include utilities (water/electric), snow removal, and custodial services. It also includes the County Treasurer fee, which the County retains 1% of the City’s 12 mills property tax collected for administering the tax collection and its remittance to the City.
 - The 2024 year-end projection balance is lower than the adopted budget because the remaining funds in the North Pine Vistas Metro District (NPVMD) could still cover 2024 utilities and snow removal, so those costs were recorded in that fund.
 - The 2025 budget is increased to include the cost of utilities and snow removal within the North Pine Vistas Metro District area.
 - The 2025 budget is also increased because the City will take over Shea's utilities and snow removal responsibilities due to the transfer of parks and recreation from their metro district to the City pending the approval of an Intergovernmental Agreement with the district. Shea provided the estimate based on what they spent.
 - Repairs and maintenance include landscape, open space, park facilities, and wildfire mitigation costs. Although the 2024 budget and year-end projection are relatively unchanged, there is a sizeable shift within those numbers.

- The 2024 budget included costs for the NPVMD area, whereas, just as with the utilities and snow removal, 2024 costs within the NPVMD will be funded via the NPVMD Fund.
- The 2024 budget included \$250,000 for monument improvements, including caps. These costs were moved to the Parks and Recreation North Fund because the monuments are all within the CPNMD area and would have been the District's costs before the transfer.
- The 2024 budget included \$113,000 for wildfire mitigation as part of a Community Wildfire Prevention Implementation Plan (CWPIP). The CWPIP planned for wildfire mitigation within 255 acres of open space over three years. However, when the CWPIP was presented to the City Council, the Council identified the project as a high priority and authorized the wildfire mitigation project for all 255 acres in 2024. Therefore, the 2024 year-end projection includes an increase from \$113,000 to \$510,000.
- The 2025 budget is increased to include the cost of open space maintenance within the North Pine Vistas Metro District area.
- The 2025 budget is also increased because, according to the pending IGA, the City will take over Shea's landscape maintenance responsibilities.
- Provides \$2,378,600 for park capital improvements. The Parks and Recreation Advisory Board will review and recommend the capital improvements to be made to the City Council. The total park capital improvements between this fund and the Parks and Recreation North Fund total \$5.7 million.

STAFF

- Parks and Recreation Director (proposed)
- Parks, Trails, and Open Space Manager
- Parks Foreman
- Salary and benefits include portions of the City Manager, City Engineer, Communications Director, and other City administrative and public works FTEs.

NORTH PINE VISTAS METRO DISTRICT NOS. 1-3 O&M FUND

DESCRIPTION

The **North Pine Vistas Metro District Nos. 1-3 O&M Fund** is a temporary fund that accounts for funds received from the North Pine Vistas Metro District to own, operate, and maintain specific public improvements previously the District’s responsibility. Following the City’s successful election, this fund will be dissolved once all funds from the District are used.

HIGHLIGHTS

- The funds from the NPVMD are projected to be used entirely in 2024.

PARKS AND RECREATION NORTH FUND

DESCRIPTION

The **Parks and Recreation North Fund** is a temporary fund that accounts for funds received from the Castle Pines North Metro District to own, operate, and maintain specific public improvements previously the District’s responsibility. Following the City’s successful election to create its funding for parks and recreation, this fund will be dissolved once all funds from the District are used.

HIGHLIGHTS

- The Parks and Recreation Advisory Board reviewed the 2025 budget proposal at its September 19 meeting and recommended that the City Council approve it.
- Overall, the 2025 proposed budget reflects a 102% increase over year-end projections.

- All park staff salaries and benefits will be accounted for in the Parks and Recreation Fund in anticipation that other costs associated with the CPNMD area will be entirely used up in 2025.
 - Capital equipment consists of a vehicle for the Parks Foreman position.
- Provides \$3,321,400 for park capital improvements. The Parks and Recreation Advisory Board will review and recommend the capital improvements to be made to the City Council. The total park capital improvements between this fund and the Parks and Recreation Fund total \$5.7 million.

CONSERVATION TRUST FUND

DESCRIPTION

The **Conservation Trust Fund** accounts for all government revenue and expenditures associated with state lottery disbursements that may only be used for parks and recreation maintenance or capital purposes.

FUND BALANCE

	2023 Audited Actual	2024 Adopted Budget	2024 Year-end Projection	2025 Proposed Budget

Ending Fund Balance	\$ 774,411	\$ 1,301,598	\$ 1,155,600	\$ 1,555,500

HIGHLIGHTS

- In 2023, revenue included a transfer of Conservation Trust Funds (CTF) from the Castle Pines North Metro District (due to the transfer of parks ownership from the District to the City).
- Beginning in 2024, the City started receiving the CTF revenue directly previously allocated to the District.
- Use of Conservation Trust Funds is not proposed for 2025 (same as 2024), leaving the ending fund balance at \$1.6 million.

ROADS FUND

DESCRIPTION

The **Roads Fund** accounts for the expenditure of revenue restricted to road and road-related operations, maintenance, and capital purposes. Revenue sources include road-use restricted revenues, including 1% sales and use tax, shared revenue from Douglas County, and highway users tax fund revenue.

FUND BALANCE

Ending Fund Balance	\$ -	\$ 765,400	\$ 710,100	\$ 876,400
Fund Balance Reserve %		25%	25%	25%

HIGHLIGHTS

- The fund balance is projected to grow from \$710,100 in 2024 to \$876,400 in 2025.
- Fund reserves are maintained at 25%, which is the City's policy for the General Fund.
 - To ensure the City's financial stability and preparedness for unforeseen circumstances, the City's reserve policy requires that the fund balance be at least 25% of operating expenditures. Now that the Roads Fund has its revenue source, it is prudent to maintain the same philosophy for this fund. Staff is proposing the same as a policy question for the Roads Fund.
- Funds over 25% are transferred to the Capital Improvements Fund in support of improving the City's roadway infrastructure.
- The transfer to the Grant and Restricted Revenue Fund in 2024 matches the Safe Streets for All federal grant funds.

HIGHLIGHTS

- Following voter approval in 2023, this new Roads Fund was created to account for the new 1% sales and use tax road-related restricted revenue, resulting in a new revenue stream of \$3 million in 2024 and \$3.3 million in 2025.
- Previously accounted for in the General Fund, road-related revenue includes ROW, HUTF, and Douglas County road-related shareback revenues.
- Taxes and intergovernmental revenue provide most of the support to this fund.

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 27% increase over year-end projections.
 - Salaries and benefits include a 3.5% compensation increase and a 13.5% increase in health insurance.
 - Capital equipment consists of a vehicle for the City Engineer position. This vehicle was approved in 2023; however, it was not purchased at that time.
 - Year-end expenditures are not expected to meet the approved budget; however, the 2025 budget reflects an increase over 2024 due to the rise in road miles maintained.

- The use tax credit is directly proportional (50%) to the 1% construction use tax revenue collected within the Shea development for new home construction. This is an agreement with the developer.

STAFF

- Public Works Director (salary and benefits also allocated to the Stormwater Utility Fund)
- Capital Projects and Operations Manager (salary and benefits also allocated to Parks and Recreation Fund and Stormwater Utility Fund)
- City Engineer
- Public Works Permit Technician
- Salary and benefits include portions of the City Manager, Communications Director, and other City administrative FTEs.

GRANT AND RESTRICTED REVENUE FUND

DESCRIPTION

The **Grant and Restricted Revenue Fund** accounts for revenue restricted for specific purposes. Its purpose is to provide accounting for various forms of restricted revenue. This will allow the City to transparently ensure proper tracking and compliance with various grant and other restricted revenue legal or donor requirements on their use.

HIGHLIGHTS

- Overall, the 2025 proposed budget reflects a 7% decrease from year-end projections.
 - Salaries and benefits include a 3.5% compensation increase and a 13.5% increase in health insurance.
 - Purchased services will decrease from 2024, which includes an asset assessment within the CPNMD boundary.
 - Repair and maintenance costs are projected to increase as more stormwater infrastructure is maintained.
 - 2025 capital improvements include \$350,000 for Happy Canyon tributary improvements, which will be made in partnership with Mile High Flood Control District (MHFCD) over a multiple-year period.
 - The 2024 budget was approved for the spring tributary at Lagae Road; however, staff and MHFCD determined that the Happy Canyon tributary improvements were a higher priority, and those funds will be shifted to the Happy Canyon project.
 - \$100,000 is budgeted to address drainage, sidewalk overflow, failing cutoff wall, and pond issues.

STAFF

- Stormwater Manager
- Salary and benefits include portions of the City Manager, Public Works Director, and other City administrative and public works FTEs.
