

ORDINANCE NO. 26-03

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CASTLE PINES,
COLORADO, AMENDING SECTION 11 (B—BUSINESS DISTRICT), SECTION 15
(PD—PLANNED DEVELOPMENT DISTRICT), AND SUBSECTION 3602
(DEFINITIONS) OF THE CITY OF CASTLE PINES ZONING ORDINANCE
REGARDING CERTAIN USES SUBJECT TO THE TEMPORARY MORATORIUM
IMPOSED BY ORDINANCE NO. 25-05**

WHEREAS, the City of Castle Pines (the “City”) is a home rule municipality authorized to exercise its zoning and police powers to promote and protect the public health, safety, and welfare; and

WHEREAS, pursuant to Ordinance No. 25-05, the City Council imposed a temporary moratorium on land use and business license applications for body art services, car washes, junk yards, pawnshops, payday loan services, vehicle services, and vape shops (the “Moratorium Uses”) to allow time for the City to study potential secondary effects and negative impacts of said uses in the City’s business and mixed use areas, and to enact regulations as needed to mitigate any such effects and impacts; and

WHEREAS, the moratorium is set to automatically terminate on January 31, 2026, and the City Council desires to amend the City Zoning Ordinance to: adopt location and spacing limitations and use prohibitions for certain Moratorium Uses in the Business District; make clear that uses prohibited in the Business District may be allowed with City Council approval in the Planned Development (PD) Districts; and add definitions for certain Moratorium Uses to provide clarity and consistency in administration and enforcement; and

WHEREAS, the City’s Comprehensive Plan and other adopted policy documents, including the recently adopted Urban Renewal Plan, recognize that the Business District is currently auto-oriented and underperforming as a downtown area, and therefore seek to revitalize the Business District to, among other things: create a stronger mixed-use character with restaurants, office, retail, and housing; encourage development that facilitates walkability; improve pedestrian and bicycle connectivity; provide public outdoor gathering spaces; promote reinvestment and adaptive reuse of under-performing or vacant properties; and foster a pro-business environment attracting a variety of retail, restaurant, service, and grocery options; and

WHEREAS, the City is unique in that its Business District consists of a single, limited geographic area comprising approximately 117 acres, the City does not have multiple commercial or industrial zoning districts as found in many other jurisdictions, and all other commercial uses are permitted, if at all, only within Planned Development (PD) districts and, as such, the City Council finds that location and distance requirements and use prohibitions for certain uses in the Business District are necessary to avoid over-concentration of individual use types while allowing such uses to be considered in appropriate locations through the Planned Development process; and

WHEREAS, the City Council finds that, within the Business District, the number of car washes and vehicle service establishments is currently sufficient to meet community demand, and that establishing location and distance requirements for such uses will prevent oversaturation in the future while allowing additional uses to be considered through the Planned Development process if warranted; and

WHEREAS, the City Council finds that pawnshops pose public health, safety, and welfare concerns, including potential markets for stolen goods and the risk of violent crime, and that prohibition of pawnshops in the Business District furthers the public health, safety, and welfare; and

WHEREAS, the City Council finds that location and spacing requirements for payday loan services within the Business District will allow the use to operate in a manner consistent with the Comprehensive Plan’s policy objectives (described above) for the Business District and public health, safety, and welfare; and

WHEREAS, the City Council finds that standalone vape shops pose risks to public health, safety, and welfare associated with certain criminal activity, including illegal sales to minors, theft, and property crimes, that are greater than the risks posed by the sale of vape-related products within general retail businesses, and that the prohibition of vape shops in the Business District furthers the public health, safety, and welfare; and

WHEREAS, the Planning Commission considered the amendments to the City Zoning Ordinance set forth in this Ordinance at a duly noticed public hearing; and

WHEREAS, the City Council considered the amendments to the City Zoning Ordinance set forth in this Ordinance, including the Planning Commission’s and City staff’s recommendations with respect to the same, at a duly noticed public hearing; and

WHEREAS, the City Council finds that this Ordinance is in the best interest of the public health, safety, and welfare of the inhabitants of the City.
